A. Read the passage carefully.
UNICEF started in 1946. It's an organization which helps children all over the world. There are millions of children in the world who have problems like diseases, not enough food or no schools. UNICEF raises money, sends doctors, gives food to those who need it. We can buy toys and clothes, beautiful birthday and Christmas cards to help UNICEF, and the money goes to the children who need help. Another thing we can do is donate money.
Many pop stars and actors help UNICEF. Last year, David Beckham and some other soccer players visited some children in Thailand. UNICEF wants us to know about the problems that some children have, and of course, help.
